Subject: RE: Materials for March 26 meeting?
Date: Monday, March 25, 2013 1:56:44 PM

Emy,

Would it be possible to present some material during the meeting? We can bring a projector. If so, we can set up a meeting that Mary can access (assuming that we have internet access).

Please let me know.

Thanks,

Brian

Brian,

If Lockheed is planning on sharing hard copies of materials at the meeting, would it be possible to get those electronically ahead of time? Mary will be joining us by phone and I'd like to make sure she can view anything we will be discussing.

Thanks,
Emy

Subject: RE: Agenda for March 26 meeting

Emy,

The agenda looks good. Participants for Lockheed Martin include Brad Owens (LMC), Doug Goins (LMC), Gene Matsushita (LMC), Brian Thorne (LMC), Steve Winston (Winston Studios), Mike Smith (CDM Smith), Roger Olson (CDM Smith), Alan Bick (Gibson Dunn), and Gary Brugger (Exponent).

Thanks,

Brian

Subject: EXTERNAL: Agenda for March 26 meeting

Brian,

Here is the agenda for the March 26 meeting in Seattle. I did not receive any edits when I sent out the draft a few weeks ago. Can you tell me who will be attending from Lockheed Martin?

For EPA, Dennis, Christy Brown, Bernie Zavala and I will be there. Linda Meyer may join us for the air sampling discussion. Mary Q. will join us by phone.

Thanks,

Emy
